ANNOUNCEMENTS

ABERFOYLE SCHOLARSHIPS IN MINING OR MINERAL OR METALLURGICAL ENGINEERING

Aberfoyle Holdings Pty., Ltd. is offering in 1970 scholarships in the fields of mining and of mineral processing (ore treatment) to students who are qualified to enter the third year of the course for bachelor of Engineering in Mining or Mineral or Metallurgical Engineering at the University of Melbourne.

While the donors prefer to offer scholarships in the third year of these courses, applications will be considered from those qualified to enter the second or fourth years.

The value of a scholarship will be not more than $1000 p.a. After taking income from other awards into account in any particular case a scholarship of less value may be offered. In 1970, at least two scholarships are available.

There will be no bond attached to the scholarships, but it is expected that scholarship holders will spend at least one long vacation gaining engineering experience at one of the mines or treatment plants of Aberfoyle Holdings Pty. Ltd. Normal rates of pay will be paid for this vacation work. Any holder of a scholarship who is studying the Metallurgical Engineering course will be expected to take mineral processing as the major option in the Fourth Year of the course.

Selection for the scholarships will be based primarily on academic merit, but other factors such as character and aptitude may be considered. Economic need may also be taken into account.

Selection will be made by a committee consisting of the Dean of Engineering, the heads of the departments of Mining and Metallurgy and a representative of the Company. Applicants may be called for interview by the Committee, and the award of a scholarship will be confirmed after a medical examination arranged by the Company.

On application by a scholar, a scholarship may be renewed annually until the B.E. course is completed, provided the holder makes progress in his course satisfactory to the Selection Committee.

Applications for the scholarships should be made in writing to the Secretary, Faculty of Engineering by 20th February, 1971. In writing applications, students are advised to consider the provisions of paragraph 5 above. Not more than 3 references may be included. If an applicant holds any other scholarships or awards, full details of these must be given in the application. Applicants who desire economic circumstances to be taken into account are invited to provide the Committee with such confidential information as they think fit. Applicants required for interview by the committee will be notified, so that arrangements for interview can be made.

ADMISSION OF BARRISTERS AND SOLICITORS

Admission as a barrister and solicitor in Victoria may be gained either by graduation in Laws, and the completion of a period of study under articles and the passing of certain further examinations, or by the passing of certain University subjects and thereafter entering into articles and passing further subjects. In both cases the requirements of admission to practice are governed by the Rules of the Council of Legal Education, which should be closely studied by all candidates.

A.H.E.P.A. BURSARY

The Order of A.H.E.P.A. (Australian Hellenic Educational Progressive Association) established one bursary of $250 for a student who is about to commence a course at the University. As the Order of A.H.E.P.A. is comprised of persons mainly of Greek background, it is proposed to award the bursary to students of Greek descent. Application forms can be obtained from the Accounts Branch. Applications close 15th March.

THE HAROLD E. ALBISTON PRIZE IN VETERINARY PATHOLOGY

This prize of $200 is to commemorate the outstanding contribution of Dr. Harold E. Albiston to the Veterinary Profession in Australia, and is to be awarded in the fourth year of the course in Veterinary Science to the student who obtains the best aggregate marks in Veterinary Pathology in the third and fourth years.

733
UNIVERSITY CALENDAR

AUSTRALIAN SOCIETY OF ACCOUNTANTS LECTURE

The Commonwealth Institute of Accountants* has endowed an annual lecture in the University with the object of "stimulating research in accountancy and to encourage original contributions to accountancy thought". The endowment has been accepted by the University Council on the conditions set out in the following resolution:

"(1) The University hereby establishes an annual lecture to be known as the Commonwealth Institute of Accountants Lecture.
(2) The terms of the endowment allow for the lecturer to be reimbursed for his travelling, accommodation and incidental expenses only. The incidental expenses may cover any exceptional expenditure incurred by him in the preparation of the lecture, such as the cost of statistical computations.
(3) The Council will control the lecture on the advice of a joint committee comprising three representatives of the University and three representatives of the Institute.
(4) The Council, on the recommendation of the joint committee, will—
   (a) administer the fund available for the lecture,
   (b) decide whether a lecture should be given in any year,
   (c) appoint a lecturer for each year in which a lecture is to be given.
(5) The lecture was founded by the Commonwealth Institute of Accountants and has been continued under similar circumstances since the liquidation of that institute and the formation of the Australian Society of Accountants. The yearly grant has been increased from $60 to $100 from 1954.
(6) The Council shall have the right of publishing the lectures, but the Institute shall be at liberty to publish the lectures in its journal or otherwise as it thinks fit."

A.V.A. (VICTORIAN DIVISION) PRIZE

A prize awarded annually by the Australian Veterinary Association (Victorian Division), on the recommendation of the Faculty, to the student ranking highest in the Final Honours List. The prize shall consist of a suitable presentation together with insertion of the recipient's name on an Honour Board, donated by the Victorian Division to the University.

BRITISH COUNCIL TRAVEL GRANTS

COMMONWEALTH UNIVERSITY INTERCHANGE SCHEME

To facilitate interchange between universities in different parts of the Commonwealth, a number of grants towards the cost of travel will be available for award to persons in the following three categories:

Category A: University Teachers or Officers on recognized study leave.
The majority of grants will be made to persons in this category. Preference will be given to university teachers or officers of at least five years' standing.

Category B: Distinguished Scholars, actively engaged in academic work, invited by universities for short visits.

Category C: Post-graduate Research Workers holding research grants.

Grants in this category will be strictly limited in number. The grants are intended for research workers (including younger university teachers) who have obtained financial support which would enable them to undertake research at a university institution in another Commonwealth country, but who require additional assistance to meet the cost of travel.

The value of grants in Categories A and C is £420 stg. for a return passage between Australia and the United Kingdom. Grants may be made towards the cost of a single forward journey only. In Category B passages will normally be arranged and paid for by the British Council.

Applicants for travel grants in Categories A and C should lodge their applications with the Registrar by 17th November (for Category A) or by 1st March (for Category C). Applications in Category B are made by the University issuing the invitation.

BRITISH PASSENGER LINES' FREE PASSAGE SCHEME

FOR UNIVERSITY GRADUATES

Under a generous scheme the member lines of the Australian and New Zealand Passenger Conference provide annually thirty free first-class return passages to

* Now administered by the Australian Society of Accountants.
** Now called the "Australian Society of Accountants Lecture".

734
ANNOUNCEMENTS

graduates of Australian and New Zealand universities proceeding to Europe to further their studies. Of these passages twenty-five are awarded to graduates of Australian universities and the remainder to graduates from New Zealand. The passages are available by vessels leaving Australia or New Zealand between 1st July and 31st December and from the U.K. by vessels leaving between 1st March and 30th June. In the event of graduates travelling other than by a direct line to or from Australia or New Zealand they must bear the cost of the inter-Dominion fare.

Should the recipient of one of the passages prefer to travel other than first-class this may be arranged subject to the lines being able to provide such accommodation.

The regulations governing the granting of free passages under this scheme are as follows:

1. Passages will be awarded only to graduates who satisfy the Selection Committee that they will have sufficient funds to enable them to devote their whole time abroad to study and research and give an undertaking to do so.
2. Except in leisure hours and in University vacations, paid employment must not be undertaken unless the employment is in itself necessary to the study or research proposed by the passage holder.
3. Passage holders will be expected to spend at least two years abroad. Return passages must, however, be taken up by the end of June in the third calendar year after the year of award.
4. The Lines will also grant passages to wives and dependent children of such scholars at the minimum rate for the ship in which the passengers travel. Berthing in all cases is to be at the Company's option; should, however, specific accommodation be requested the fare for the accommodation occupied will be charged.
5. Graduates to whom passages are awarded must sign an undertaking that they will, on completion of their courses, return to Australia. Exemption from this regulation may, in special circumstances, be granted by the Conference.
6. In the case of engineering students, it is recognized that some of the time will necessarily be spent in shops and yards of engineering firms, but the Associated Lines have expressed a wish that where possible such students should supplement their practical work by attending a University.
7. Subject to the above conditions the Selection Committee will give preference to graduates who, although possessing sufficient means to live in Europe, could not afford to pay for their sea passages both ways.

Applications for passages on vessels leaving Australia between 1st July and 31st December should be lodged with the Registrar of the applicant's own University by the date advertised by that University. Special forms of application may be obtained from the Registrars of all Australian universities or from the Secretary, Australian Vice-Chancellors' Committee, Canberra, A.C.T.

BRUNNING PRIZES IN BOTANY

Two Prizes are awarded annually by Mr. J. K. Purves of F. H. Brunning Pty. Ltd. to students in Botany II and Botany III. The first Prize is given to the student of Botany II next below the Exhibitioner, and the second Prize is similarly awarded to the student of Botany III (A or B) next below the Exhibitioner. The awards in 1967 were of the order of $20 each.

These Prizes should not be confused with those officially listed as Brunning Prizes in Agriculture (R 6.72).

CARNATION COMPANY AWARD IN PAEDIATRICS

A prize of $105 is donated annually by the Carnation Company Pty. Ltd. to the candidate who is judged to be the best student in Clinical & Social Paediatrics in the final year of the medical course, with particular reference to the child development study, and to the results obtained in the clinical and oral examination in medical paediatrics. A special oral and/or clinical examination may be given.

CASA D’ITALIA BURSARIES

The University of Melbourne has been offered five bursaries to be awarded annually to first year students who are Italian migrants or whose father or grandfather was an Italian migrant.

The bursaries have been endowed by the directors of "Casa d’Italia", administrators of a fund which was collected by the Italian Consul in 1938 to finance the acquisition of a building with facilities for the educational and cultural needs
of the Italian community. The building originally used for this purpose was sold three years ago and the money invested in a fund. Income from this fund will be used to finance the bursaries, each of which will be valued at $200 and will be tenable for one year.

The bursaries will be open to men and women. The selection committee will consider the applicants' financial needs and, where candidates are of equal merit, preference will be given to those who have passed Italian at the Matriculation Examination.

Application forms for the "Casa d'Italia" bursaries are available from the Secretary of the Bursaries Committee, Accounts Branch, University of Melbourne, Parkville, 3052. Applications close on 15th March.

CHARTERED ACCOUNTANTS RESEARCH SOCIETY BURSARY

The Chartered Accountants Research Society (Victoria) offers financial assistance to a student whose father served in the British forces overseas and who died during or since the war. The Society is particularly interested in any undergraduate who proposes to follow a career as a chartered accountant. Applications should be made to the Society at 23 McKillop Street, Melbourne, 3000.

CITY OF BRIGHTON FREDERICK BLACKHAM PRIZES IN JOURNALISM AND LAW AFFECTING JOURNALISM

Two prizes of $30 donated annually by the Council of the City of Brighton to perpetuate the memory of the late Frederick Albert Blackham, a distinguished citizen of Brighton and proprietor of the Brighton Southern Cross newspaper, with which he was associated for 80 years.

The prizes will be awarded to the candidates who at the Annual Examination obtain the highest marks in the subjects Journalism and Law Affecting Journalism.

CLENDINNEN JUNIOR RESEARCH FELLOWSHIP

The Carlton and United Breweries Ltd. have undertaken to provide $3,200 per annum until further notice to finance a Junior Research Fellowship honouring the memory of F. W. J. Clendinnen whose contributions to the science of brewing were outstanding.

The Fellowship is open to graduates of any University recognized by the University of Melbourne, who are nominally residents of Victoria, Queensland, Northern Territory or Fiji, and who are qualified for acceptance as Ph.D. candidates in the School of Chemistry, in the University of Melbourne, in a Department of which the Junior Fellow must carry out research in the field of "Natural Product Chemistry".

The period of tenure will normally be two years during which time the successful applicant will proceed towards the degree of Ph.D. but this period may be extended for another year if so recommended by the University. The Fellowship may be terminated at any time if progress is not satisfactory.

The $3,200 provided by the Carlton and United Breweries Ltd. will be apportioned as follows:

Stipend of the Junior Research Fellow $2,400

University fees and expenses and equipment in connection with the project (to be allocated by the supervisor of the project in consultation with the Head of the Department concerned) $800

The Junior Research Fellow will be allowed to undertake seven hours' demonstrating per week during the academic year if required to do so by his Head of Department.

The normal commencing date for the Fellowship will be 1st March; when a vacancy is due to occur it will be advertised in the November of the previous year. Applications will close on 15th January at the Office of the Dean of Graduate Studies and should be made on the form, "Application for Research Grant, Scholarship or Fellowship".
ANNOUNCEMENTS

The Selection Committee will consist of—
The Dean of Graduate Studies (Chairman),
The Head of the School of Chemistry,
Another Professor in the School of Chemistry (normally the Professor in
whose department the project will be conducted but if the Head of the
School of Chemistry be that Professor then he shall nominate another),
Two representatives of the Carlton and United Breweries Ltd.

The Selection Committee may give preference to
(a) an applicant who has obtained the degree of M.Sc.;
(b) an applicant whose proposed project has some bearing on the interests
of the donors.

C.M.A. AWARD

The Cable Makers of Australia Proprietary Limited awards an annual prize of
$21 for the best essay on an approved electrical subject submitted by a student
in the fourth year of the course for the Degree of Bachelor of Electrical Engineering.
Essays must be lodged with the Head of the Department of Electrical Engineering by
the end of the third term. Students should consult the Head of the Department in
the first week of first term.

COMALCO INDUSTRIES PTY. LIMITED POSTGRADUATE SCHOLARSHIP

The Scholarship is awarded under the following conditions—
1. The name of the award shall be “The Comalco Postgraduate Scholarship”.
2. The object of the award is to promote postgraduate study and research for a
higher degree in the field of—
   Civil Engineering
   Electrical Engineering
   Mechanical Engineering
   Metallurgy
   Chemical Engineering
3. The subject of study and research shall be some branch of engineering and
   science which has some direct relation to the activities or interests of the Comalco
   Group of Companies and, in particular, shall promote research in fields which are
   significant to the production, manufacture and uses of aluminium. The topic must be
   approved by the Executive Committee of the Faculty of Engineering of the University
   of Melbourne, and by the donor company through its nominated representative.
4. The Scholar who gains an award will carry out his study and research in the
   University of Melbourne after selection in accordance with normal University selection
   procedures.
5. The award will have an annual stipend of $2,601, which will be payable in
   instalments at the end of each month, and an amount of $600 will be provided to
   the University and made available to the Faculty of Engineering to meet the costs
   of University tuition, fees, equipment and other expenses.
6. Appointment to the award ordinarily will provide for a tenure of one (1)
calendar year. Subject to satisfactory progress, the award may be renewed for a
second, third and fourth year.
7. The award will be terminated—
   (a) on the expiration of the period for which it was made;
   (b) on the date when the Head of the Department certifies that work in con-
   nection with the project has been completed (not longer than three (3)
   months after the thesis has been submitted);
   (c) by resignation; and
   (d) when in the opinion of the Executive Committee of the Faculty of En-
   gineering, the progress has been unsatisfactory or the Scholar has failed
   to observe any condition of the award; any such termination will be made
   by the Faculty Executive.
8. The award holder shall devote himself full-time to the objects of the award,
   except for such teaching duties (demonstrating and tutoring) permitted by the Head
   of the appropriate Department; such duties not to exceed an average of seven (7)
hours per week during the academic year.
9. The Scholar will be permitted four (4) weeks recreation leave per annum.
10. The Scholar shall submit an annual written report (in duplicate) through the Head of the appropriate Department to the office of the Dean of Graduate Studies upon the progress of the work carried out, and a copy shall be transmitted by that office to the Comalco Industries Pty. Limited for information.

11. The Scholar shall make due acknowledgement in any publications embodying results of work carried out during the tenure of the award that such work was carried out whilst holding the Comalco Postgraduate Scholarship, and shall forward two (2) copies of any such publications to the office of the Dean of Graduate Studies, University of Melbourne.

12. Intending applicants should consult the Head of the appropriate Department in the Engineering Faculty of the University of Melbourne regarding suitable research projects. Acceptable subjects of research will be agreed upon by the donor company and the Faculty Executive.

13. The award will be made by Comalco Industries Pty. Limited on the recommendation of a committee consisting of the Dean of the Faculty of Engineering, the Executive Committee of the Faculty of Engineering, the Dean of Graduate Studies and a representative of Comalco Industries Pty. Limited.

14. The Scholarship will be offered for continuous tenure and will be available for a new candidate in the next academic year following that in which tenure by an incumbent is terminated. If in any year there is no candidate of sufficient merit, no award will be made.

15. Written applications (in duplicate) on forms obtainable from the office of the Dean of Graduate Studies, must be lodged by the 19th December in the year prior to that in which an award will be available.

COMMONWEALTH FORESTRY SCHOLARSHIPS

Ten scholarships are provided annually by the Commonwealth Government for award to qualified persons to undertake the course leading to the Degree of Bachelor of Science in Forestry at the Australian National University. The scholarships are tenable at the Australian National University for the whole of the four years of the course or at another Australian University for the first year of the course followed by the final three years at the Australian National University. Matriculated students and Science undergraduates and graduates prepared to enter the special course are invited to apply. Applications should be lodged before 21st November with the Director-General of the Forestry and Timber Bureau, Canberra, A.C.T., from whom further particulars may be obtained. Details are also available at the Registrar’s Office.

COMMONWEALTH POSTGRADUATE AWARDS

The Commonwealth Government will provide each year a number of postgraduate awards for different Australian Universities. Of these, 96 have been allotted to the University of Melbourne. The Commonwealth Scholarship Board holds a pool of further awards to be allotted to the different universities.

The awards will be made without a means test and are open to all graduates with Australian domicile. This provision admits to selection graduates of Australian or overseas Universities provided they are domiciled in Australia, including Australian graduates who are temporarily resident overseas.

The awards are for post-graduate research in Australian Universities and the holder should be proceeding to a higher degree. The awards are available only to students who have had four years’ undergraduate training, or three years undergraduate followed by a year of graduate training, and who in the last year of their course have obtained a second class honour or its equivalent.

The awards are made initially for one year but may be renewed for a second, third, and even fourth year. The awards offer a stipend of $2,350 p.a. plus certain allowances. Students holding awards are not charged tuition fees but must pay their own general service charges.

The holder of the award must carry out full-time research within the University, and will be required to furnish, through the Head of his Department, a report on his work at the end of each year’s tenure.

Applications should be made in duplicate on the “Commonwealth Postgraduate Award Application” form, and should be lodged at the office of the Dean of Graduate Studies by 31st October of each year.
ANNOUNCEMENTS

Any graduate who wishes to apply for one of these awards at a university other than Melbourne should lodge an application before the last Friday in October, with the Registrar of the appropriate university.

COMMONWEALTH SCHOLARSHIPS

Awards outside Australia

In 1960 the Commonwealth Scholarship Scheme was inaugurated within the British Commonwealth of Nations. In this scheme each such nation offers awards to graduate students of the other nations (there are also a few undergraduate awards). Thus U.K. offers 250 awards each year, Australia and Canada each 100, New Zealand 26, and the other nations smaller numbers. Applicants need to have had very good academic records.

The awards for Australians include a free tourist passage to and from Australia to the country where the award is granted, free fees, a book allowance of £25 and a living allowance of about £615 (stg.). Under certain conditions an allowance is made for a wife. The awards are normally tenable for two years but may be extended for a third.

Awards are offered by the U.K., Canada, New Zealand, Malaya, Hongkong, East Africa, Ceylon, Nigeria, Pakistan and India.

Applications for these scholarships close at times set from year to year by the donor countries and details are advertised in all University Departments some weeks earlier. Further particulars may be obtained from the Office of the Dean of Graduate Studies.

COMMONWEALTH SERUM LABORATORIES PRIZE IN VETERINARY MICROBIOLOGY

A prize of $50.00 awarded annually by the Commonwealth Serum Laboratories, Melbourne, to the student gaining highest marks in Veterinary Microbiology. Further information to be obtained from the Secretary, Faculty of Veterinary Science.

COMMONWEALTH UNIVERSITIES YEARBOOK

The University is a member of the Association of Commonwealth Universities which publishes the 3,000 page Commonwealth Universities Yearbook containing general information about Universities of the Commonwealth with full staff directories, and a brief record of recent developments. Copies may be obtained from the Secretary-General of the Association at 36 Gordon Square, London, W.C.1, the 1970 edition being on sale at approximately £8 10s. stg. ($A.18.29) to the ordinary public or £5 13s. 4d. stg. ($A.12.20) to members of the staff of the University, as well as institutions organically connected therewith, including Halls of Residence and Students' Unions (post free).

COMMONWEALTH UNIVERSITY SCHOLARSHIP SCHEME

Scholarships:

(a) Open Entrance Scholarships—Awarded on the basis of results in the best three subjects (excluding English Expression) at the Higher Schools Certificate Examination in four or more subjects. However, an adjustment is made in respect of additional subjects taken and account is taken of whether a student is repeating the examination. Applicants up to 30 years of age.

(b) Later Year Scholarships—Awarded to undergraduates on results obtained in the equivalent of at least one year of full-time study in an approved university course. Applicants up to 30 years of age.

(c) Mature Age Scholarships—Awarded either on results obtained in the Higher School Certificate Examination or, if the applicant has already commenced an approved university course, on his academic record in the course. In the latter case he should have completed the equivalent of at least one full-time year of the university course. Applicants over 30 and under 40 years of age. Only a small number of awards are made each year.

Benefits: All compulsory fees. Full-time students may be granted a living allowance subject to a means test.

Applications: Applications close on 30th September each year.

739
All enquiries should be made from:
The Regional Director,
Department of Education and Science,
99 Queen Street,
Melbourne, 3000.

CONZINC RIOTINTO OF AUSTRALIA LIMITED POSTGRADUATE SCHOLARSHIPS
(First awarded 1954)

The Board of Directors of Conzinc Riotinto of Australia Ltd. awards each year postgraduate Research Scholarships of an annual value of not less than $2,000 dependent upon the qualifications, age, experience and marital responsibilities of the holder. They are awarded initially for one year, but will be renewed up to a total of three years on the recommendation of the University concerned and at the discretion of the company.

The following general conditions will apply to the award:
1. The scholarship will be open to graduates in mining engineering, chemical engineering, geology and metallurgy.
2. The scholarship is tenable at any Australian University or at the University of Otago, New Zealand.
3. Applications should be made in writing to the Chief Personnel Officer, Conzinc Riotinto of Australia Ltd., G.P.O. Box 384D, Melbourne, by 31st December each year.
4. Applicants should state their age, marital status, full academic record and any previous practical experience.
5. Details of the proposed research should be given by the applicant, with a signed statement from the University concerned, that the proposed research is acceptable for submission for a higher degree.

Holders of the scholarships should not be committed to, or be under any obligation to any other organization.

THE CRAWFORD MOLLISON PRIZE IN FORENSIC MEDICINE

A prize of $50 donated annually by the British Medical Insurance Company of Victoria Ltd. to the candidate who, at the Forensic Medicine examination, held in the Fifth year (Division IV MB, BS) obtains the highest marks.

DUNLOP AUSTRALIA LIMITED RESEARCH SCHOLARSHIPS
(First awarded 1946)

Dunlop Australia Limited has undertaken to give the University $2,800 per annum until further notice to provide four Research Scholarships in science subjects, which shall be awarded under the following rules:
1. Four scholarships shall be open for award each year, two in Chemistry and two in Physics, but if suitable candidates do not present themselves in one or both of these fields it shall be competent for the Professorial Board, after consulting with the Company, to award scholarships in the other of these fields or scholarships in any other scientific field of interest to the rubber industry. The scholarships shall be known as the Dunlop Australia Limited Research Scholarships.
2. Awards shall be made in February of each year on the recommendation of the appropriate Professor by the Professorial Board after consultation with the company.
3. The scholarships shall each be of the annual value of $700, of which $600 shall be paid to the scholar as his emolument and $100 to the University for expenditure in the appropriate department in purchasing equipment, apparatus and materials and in meeting other expenses connected with the scholar's work.
4. The scholar shall be required, during his tenure of the scholarship, to carry out research under the direction of the appropriate Professor on a subject approved by the Professorial Board after consultation with the company.
5. A scholarship shall be tenable at the University of Melbourne for the period of one year. The scholar's tenure shall at all times be subject to his work being satisfactory to the appropriate Professor. The scholarships shall be awarded to students for their B.Sc. (Hons.) year.
ANNOUNCEMENTS

6. Candidates for the scholarships shall be graduates in Science of the University of Melbourne, but if no such candidate be considered suitable to hold any scholarship it may be awarded to a graduate in Science of another approved University.

7. Scholars shall be required to devote their whole time to their research save that they will be permitted to undertake demonstrating work at the University not exceeding an average of seven hours a week during the academic year.

Method of Application

Applications should be forwarded to the office of the Dean of Graduate Studies not later than 31st December on the form headed "University of Melbourne Application for Research Grant, Scholarship or Fellowship".

1851 EXHIBITION SCHOLARSHIP

The Royal Commissioners of the 1851 Exhibition grant certain Science Research Scholarships each year. The Scholarships are post-graduate, and are intended to enable selected students, under 26 years of age, who must be British subjects and who have already completed a full University course and given evidence of superior capacity for scientific investigation, to devote themselves for two, or in some cases, three years to research work under conditions most likely to equip them for practical service in the scientific life of the Commonwealth. The value is £1,000 (sterling) per annum with additional allowances. Candidates desiring to be nominated by this University should lodge written applications at the office of the Dean of Graduate Studies not later than 15th January, 1971.

Method of Application

Applications should be made on special forms obtainable at the office of the Dean of Graduate Studies and should include the following information:

(a) Full name.
(b) Address.
(c) Date of birth.
(d) Complete academic record at the University (including exhibitions, scholarships, prizes, etc.).
(e) Present appointment.
(f) Statement of research experience.
(g) Nature of work proposed.
(h) Institution at which candidate proposes to work.
(i) Other scholarships applied for.

FIAT OF AUSTRALIA—SCHOLARSHIP IN AGRICULTURAL ENGINEERING

Fiat of Australia Pty. Limited is offering in 1968 and subsequent years a scholarship in Agricultural Engineering for a student who has qualified at any Australian University to enter the third year of the course in Agricultural Engineering at the University of Melbourne.*

The value of the scholarship will be not less than $300 per annum, plus $100 per annum book allowance, with a maximum of $1,000 total to be awarded to a scholar in any one year. In determining the exact amount to be awarded, the selection committee may take into account the value of other awards which the applicant holds. The holder of a Commonwealth Scholarship may be awarded the Fiat scholarship.

The scholarship is available for two years. It will be awarded initially for one year (the third year of the course at Melbourne), and will be renewed for a second year (the fourth year of the course) provided the scholar successfully passes his examinations at the end of the third year of the course.

No bond of employment to Fiat is required or implied in this offer. Nevertheless, the Company hopes that the scholar would be willing to spend at least one long vacation gaining engineering experience with the Company either in the field or at the works at Lidcombe, N.S.W.

* Any student who has completed the requirements of the first two years of a Bachelor of Engineering degree course at an Australian University may submit an application for this scholarship. The question of eligibility will be determined by the Faculty of Engineering of the University of Melbourne. In general, students who have completed the first two years of a Civil or Mechanical Engineering degree course at any Australian University would meet the requirements of eligibility.
UNIVERSITY CALENDAR

Selection for the scholarships will be based primarily on academic merit, but other factors such as character and aptitude may be considered. Economic need may also be taken into account.

Selection will be made by a committee consisting of the Dean of Engineering, the head of the department of Agricultural Engineering and a representative of the Company. Applicants may be called for interview by the Committee.

Applicants for the scholarships should write to the Secretary, Faculty of Engineering, University of Melbourne, Parkville, Victoria 3052, by 16th February, 1970, stating (a) the subjects passed in the 1st and 2nd years of the applicant's Engineering course, (b) full details of any other scholarship or award held by the applicant, (c) details of special economic circumstances that the applicant wishes to be taken into account.

THE FLORENCE BRADFORD SCHOLARSHIPS

The late Miss Florence Bradford, who died on the 13th August 1969, bequeathed her residuary estate to the Union-Fidelity Trustee Company of Australia Limited to hold the same upon trust to provide a scholarship or scholarships for a student or students at the Conservatorium.

With the approval of the trustee and on the recommendation of the Faculty of Music, three scholarships will be awarded in February each year at the discretion of the Ormond Professor of Music to students entering or pursuing the course for the degree or diploma in music. The scholarships will provide all tuition and compulsory fees, and any surplus will be used to provide an additional scholarship or scholarships.

Entries for the scholarships in any year should be made at the Conservatorium not later than the last day prescribed for the re-enrolment in that year of students previously enrolled at the Conservatorium.

GEIGY PRIZE IN MEDICAL PSYCHOLOGY

A prize of $50 is donated annually by Geigy Australia Pty. Ltd. to the candidate who obtains first place in the annual examination in Medical Psychology in Medicine Division II.

GOETHE AWARD

The Goethe Award provided annually by the German Consul General in Victoria with the assistance of the Goethe Institute of Munich and consisting of books and a certificate shall be awarded to the student who among those enrolled in any of the courses German Part I, II, III or in the course for the Honours degree in German has, in the opinion of the Head of the Department, the best overall results in German in the year of the award. It should not be awarded twice to the same person. Further information may be obtained from the Professor, Department of Germanic Studies.

GRADUATE AWARDS FOR WOMEN

The International Federation of University Women (I.F.U.W.) and the American Association of University Women (A.A.U.W.) offer annually a number of Fellowships and Grants for post-graduate research or study overseas. The I.F.U.W. Awards and some of the A.A.U.W. Fellowships are open only to members of the I.F.U.W. In Australia, members of the State Associations of University Women are automatically members of the Australian Federation of University Women (A.F.U.W.) and of the I.F.U.W. Awards offered by the I.F.U.W. and the A.A.U.W. are advertised by the A.F.U.W. and within the Universities each year. The advertisements include addresses to which enquiries should be made.

THE GRADUATE UNION

The Graduate Union is an organization formed to "promote and maintain the welfare and interest of the University of Melbourne". This body was first established in 1911 as the Melbourne University Association. It was affiliated with the Melbourne University Union between 1938 and 1952, since when it has functioned under a revised constitution and its present title. The Graduate Union was incorporated under the Company Act of Victoria on 11 November, 1969.

The means by which the object of the Graduate Union may be realized are described at length in the constitution but may be summarized by saying that the
Union sets itself the not very simple task of maintaining the continuous interest of the graduate body in the welfare of the University. To do this, among more than 25,000 members of the University scattered throughout the community in all walks of life, it must maintain its own organization and collect its own funds. More than 5,000 members contribute about $12,000 a year in dues and by the encouraging of life subscriptions the Union now has assets valued at $162,000, chiefly in the form of property near the University in Leicester Street and Grattan Street, Carlton.

The Graduate Union freely makes its organization available to the University whenever the University wishes to publicize its projects or raise funds for building, and maintains a continuous Graduate Fund through which the philanthropy of the graduate body towards the alma mater is channelled. It publishes at regular monthly intervals a newsletter containing domestic and University announcements, and circulates the official Gazette to its members.

The spontaneous formation of smaller associations of University men and women for any recognized purpose is encouraged by a system of grants on a per capita membership basis, but members of such affiliated bodies must be primarily members of the Union. The present organizations affiliated with the Graduate Union are the Tin Alley Players, the Commerce Graduates Association and the Newman Association.

An annual meeting is held in April or May, sometimes in conjunction with the annual dinner; other social functions are arranged from time to time, the most popular being the city luncheons held on the first Wednesday of the month at the Victoria Hotel between March and December.

During 1962, "Graduate House" was officially opened as the University's only hall of residence intended specifically for post-graduate research students. One of the seven houses owned by this Graduate Union was converted for this purpose. In 1965 three more houses were opened bringing the total capacity to 24 persons. In 1970 the post-graduate residential accommodation in Graduate House will be increased to 46.

It is intended that as part of extensions to Graduate House we shall be able to make some provision for the general body of membership in the form of meeting and dining rooms.

The head of the Graduate Union is its President, elected from among the eminent members of the University. Presiding over the elected Council of sixteen members is the Chairman, who is assisted in administering the Union by an Executive and a permanent secretary.

Membership of the Graduate Union is open, except under special circumstances, to graduates and diploma-holders of Melbourne University, or graduates of other recognized universities resident in Victoria. An annual subscription (at present $4) is payable or members may apply to become life subscribers on payment of a lump sum (at present $50).

All inquiries should be addressed to the Secretary of the Graduate Union, at the University address, Parkville, 3052. Local inquiries can be made by telephoning 34 3428.

GOWRIE SCHOLARSHIPS

In addition to post-graduate research travelling scholarships and secondary school scholarships, four or five University entrance scholarships, of the value of $150 p.a. and tenable for the normal period of a University course, are awarded by the Trustees. Applications for all Scholarships are due on 30th November each year. Further particulars may be obtained from the Secretary, The Gowrie Scholarship Trust Fund, P.O. Box E5, St. James, Sydney, N.S.W., 2000.

GRANTS FROM RESEARCH FUNDS

Allocation

Grants from the General Research Fund are made by the Professorial Board on the advice of its Standing Research Committee and the Heads of the Departments concerned.

Research Awards

A limited number of research awards are made annually to candidates who are proceeding to higher degrees and who show promise of aptitude for research. Scholars are expected to devote their whole time to research, except for such tutoring
UNIVERSITY CALENDAR

and demonstrating work as is approved by the Head of the appropriate Department. Awards are made for one year, but may be renewed for additional yearly periods.

Research grants are awarded to selected graduates of Bachelor standing (with Hons).

Research scholarships, known as Williams Scholarships, are awarded to selected candidates of Master standing who have shown marked ability for research and who are undertaking further research training, as Ph.D. candidates. Research scholarships may be renewed annually for a period not exceeding three years.

Emoluments of Awards

The value of a research grant is $1,600 per annum plus compulsory fees. The value of research scholarships varies from $1,800 to $1,950 per annum plus annual compulsory fees.

Research Fellowships

The University of Melbourne has established five research fellowships not more than two of which may be Senior Fellowships. The Senior Fellowships have the status and salary ($7,500-$8,750) of a senior Lecturer and the Junior Fellowship the status and salary ($5,400-$7,300) of a Lecturer. Fellowships may be held for one, two but not more than three years. Travelling allowance is made for a fellow appointed from overseas.

Fellowships will be advertised as they become vacant.

Research Report

All persons conducting research in the University, whether under research awards or otherwise, are required to submit, by the end of February in each year, reports on their research during the preceding twelve months to the Heads of their Departments, together with a list of their research publications during that period. Heads of Departments also submit departmental research reports, which are published in the annual Research Report.

Mode of Application

Applications for research awards and grants must be made on a form designed for the purpose (and available at the Registrar's Office). Applications must be lodged with the Secretary of Graduate Studies by 31st December. In general, research awards are made as from 1 March.

Further information may be obtained from the Secretary of Graduate Studies.

HAROLD WRIGHT SCHOLARSHIP
SARAH AND WILLIAM HOLMES SCHOLARSHIP

Special Information

1. Under the provision of the Will of the late Lily Isabel Wright, two scholarships are offered each year—the Harold Wright Scholarship and the Sarah and William Holmes Scholarship—to allow holders to study prints at the British Museum, London, for a period of one year.

Although the objects of each scholarship are identical, the first is named in honour of the late Harold Wright, who was an authority on prints with a world-wide reputation. In addition to academic honours and other marks of recognition, his advice was sought by almost every major art gallery with a department of prints. His association with Australia and New Zealand derives from his honorary services to the Felton Bequest, and his life-long friendship with Sir Lionel Lindsay, as well as private collectors in both countries.

The second scholarship is named in honour of the parents of Mrs. Wright.

Because Harold Wright acquired his unrivalled mastery of the field at a time more favourable to private studies than the present, it is not intended that the scholarship should be linked to a specific project, specialized research or even a publication. Mrs Wright felt that applications for such purposes were adequately provided for by other awards. She had in mind a completely free year, in which the holder would be able to work as widely in one of the greatest collections of prints in the world as her husband did for many years. In later life he made many distinguished contributions to specialized knowledge in scholarly prints, but what distinguished his work was the width of the original background on which it was based.

2. The scholarships are valued at approximately £1,400 and £1,000 sterling respectively, to cover board and lodging and any other necessary living expenses in
ANNOUNCEMENTS

London for a period of twelve months. Under exceptional circumstances this period may be reduced, or may be extended up to a maximum of two years. Provision for travel to and from London is not included. However, when the cost of travel is not borne by leave with pay from the institution which the applicant serves, or by a M.A. grant or other supplementary award, the sacrifice that the candidate makes will be borne in mind, possibly by amalgamating the scholarships. This additional award cannot, under the terms of the Will, be used to recoup travelling expenses, and can only be granted on some other grounds, e.g., if the candidate is accompanied by his family.

3. The scholarships are available to undergraduates or graduates of Australian or New Zealand Universities, or to other persons deemed by the Selection Committee to be of sufficient scholarly standard.

4. As stated in the Trust Deed, the scholarships will not be awarded to “any person who shall at the time of the award be employed by any commercial art gallery or other art gallery run for profit nor to any person who shall at the time of the award be engaged in art dealing on his own account or in partnership but may be awarded to any person employed by any public or private art gallery which is not run with a view to profit.”

5. It is expected that the successful candidate would be a person with a background involving a serious study of the print and that the study at the British Museum would be useful for the furtherance of his career.

6. Holders of the award must undertake to return to their own country at the end of the tenure of the scholarship.

7. Applications must be lodged with the Registrar (Wright and Holmes Scholarships), University of Melbourne, Parkville, Victoria, 3052, not later than 17th July, 1970, and should include the following particulars:

   (1) Name, address, date and country of birth.
   (2) Marital state.
   (3) Details of (academic and professional) career.
   (4) Present position.
   (5) Previous studies in the art of the print.
   (6) Future plans.
   (7) Names of three referees from whom confidential references may be obtained.
   (8) Passport photograph.

Successful applicants will be required to furnish a medical certificate and the result of a recent chest X-ray.

The authorities of the British Museum have offered their full co-operation, and the successful applicant will be provided with guidance and every assistance by the Keeper of the Department of Prints and his colleagues.

HOSPITAL APPOINTMENTS

The Committee of Management of The Royal Melbourne Hospital will appoint for 1970, thirty-two first-year Junior House Physicians and Surgeons, and eighteen second-year Senior House Physicians and Surgeons. In addition it will appoint more senior graduates to the positions of Medical Registrar, Surgical Registrar, Resident Surgical Officer and Registrar in Special Departments. Each appointment is for a period of twelve months. Junior House Physicians and House Surgeons each undertake a period in a medical and surgical ward of the Hospital. A planned postgraduate training programme for Resident Medical Officers is under the aegis of the Board of Postgraduate Education.

The Rectress of St. Vincent's Hospital will appoint for 1970 thirty (30) Resident Medical Officers for one year from amongst the students who have received their clinical training at that hospital. In addition she will also appoint Senior Graduates to the positions of Senior Resident Medical Officers and Registrars in general and special medicine, general surgery and special units (Professorial Medical and Surgical Units, Cardiology, Haematology, Intensive Care, Morbid Anatomy, Microbiology, Anaesthesia, Neurosurgery, Neurology, Cardio-Thoracic Surgery, Radiology, Orthopaedic Surgery, Psychiatry and Paediatrics) and appointments will be for one year.

The Austin Hospital, Heidelberg, is rapidly expanding, and it is likely that the number of appointments for 1971 will exceed those made for 1970, which were: 18 Junior Resident Medical Officers; 16 Senior Resident Medical Officers; Registrars in
UNIVERSITY CALENDAR

Medicine (5), Surgery (5), Anaesthetics (3), Radiology (2), Pathology (3), Orthopaedics (2), Neurology (1), Gynaecology (1), Psychiatry (1).

In all these appointments the Hospital Boards will take into consideration:
Training in their own hospital.
The position of graduates in the honour list.
General character and disposition as shown during their course.

The Hospital Boards, however, may also take cognizance of other matters.

The Management of the following hospitals also appoint Junior Resident Medical Officers:

**Metropolitan Hospitals:** Alfred Hospital, Prince Henry’s Hospital, Queen Victoria Memorial Hospital, Footscray and District Hospital, Box Hill and District Hospital, Preston and Northcote Community Hospital and General Hospital Williamstown and District.

**Base Hospitals:** Ballarat, Bendigo, Geelong, Mildura, Gippsland (Sale), Glenelg (Hamilton), Mooroopna, Wangaratta, Warrnambool, Wimmera (Horsham).

**District Hospitals:** Latrobe Valley (Yallourn) and Central Gippsland (Traralgon), Swan Hill, Maryborough, West Gippsland (Warragul), Echuca and Dandenong.

For information on appointments to Base and District Hospitals the Hospitals and Charities Commission should be consulted.

Vacancies for similar positions in Western Australia and Tasmania are also available. Non-metropolitan towns in South Australia, New South Wales and Queensland frequently advertise for Junior Residents.

**HUNGERFORD SPOONER AND KIRKHOPE PRIZE IN FINANCIAL MANAGEMENT**

An annual prize of $50, to be known as the Hungerford, Spooner and Kirkhope Prize in Financial Management will be awarded to the best student in Financial Management, a Final Year subject for the degree of Master of Business Administration.

**IMPERIAL CHEMICAL INDUSTRIES OF AUSTRALIA AND NEW ZEALAND FELLOWSHIPS**

(First awarded 1952)

The next award of the I.C.I.A.N.Z. Fellowships at the University of Melbourne will be made for 1971, when one Fellowship will be available.

**Conditions**

1. The Research Fellowships are to be used to promote knowledge in those fields which have some direct interest to the scientific and national responsibilities of I.C.I.A.N.Z., such as pure and applied chemistry, biochemistry, agricultural science, chemotherapy, pharmacology, physics, engineering, mining and metallurgy.

2. The appointments to the Fellowships are to be made by the University subject to agreement by the I.C.I.A.N.Z. and are to be open to any subject of a nation in the British Commonwealth who is a graduate of a recognized university. In general, candidates should have qualified for their Master’s degree with at least second class honours. They should produce evidence of aptitude for research.

3. The normal period of tenure will be two years. The continuation of the Fellowship for the second year will be dependent on a satisfactory report from the head of the department in which the Fellow is working.

4. The Fellow shall engage in teaching activities in the University in addition to research. The teaching duties shall not normally exceed six hours per week and will be paid for by the University at appropriate rates. The Fellow shall spend full time at the University.

5. A Fellow will not be under any obligation to take out a higher degree.

6. The value of the Fellowship shall be $2,500 p.a., from which the Fellow will be paid an allowance of $1,800-$2,200 p.a. while the balance will be made available for expenses to the department in which the Fellow is working.

7. The Fellowships shall be held at the University of Melbourne.
8. The Fellows shall be selected by the Standing Research Committee of the Professorial Board.

9. No other scholarship or fellowship shall be held concurrently with an I.C.I.A.N.Z. Fellowship, except with the permission of the Standing Research Committee.

10. If in the opinion of the Committee no candidate is judged to be of sufficient merit, the Fellowship shall not be awarded, and the grant will be carried forward by the University.

11. In those years during which the Fellowships are vacant, applications will close on 30th November preceding and the Fellowships will be tenable from 1st March.

Method of Application
Applications should be forwarded to the office of the Dean of Graduate Studies by 30th November, and should contain the following information:
(a) Date of birth.
(b) Marital status.
(c) Full statement of academic record (including exhibitions, scholarships, prizes, etc.).
(d) Details of previous research experience, including list of published papers (if any).
(e) Suggested project for research.
(f) References from two University Professors or Lecturers, especially with regard to aptitude for research.
(g) Reference to character.

ITALIAN GOVERNMENT SCHOLARSHIPS
For the academic year 1970-71 the Italian Government, as in previous years, is offering two scholarships to Australian citizens who hold a B.A. or higher degree with first or second class honours in Italian and who desire to continue their studies in Italy.

The scholarships, which will be awarded to University lecturers, teachers or graduates whose aim is the teaching of Italian language at any school level and wish to specialize in Italian language, literature and culture, consist of:
—720,000 Italian lire (about $A1,040.00) to be paid in 8 monthly instalments of 90,000 lire each;
—a discount of 50% on the return tourist class sea fares on a ship of the Lloyd Triestino Lines.

The applications will be examined by an ad hoc Committee and the chosen candidates will be notified not later than 1st August, 1970. They are expected to be in Italy at the beginning of the academic year (1st November). The scholarship holders may choose any Italian University for their studies, but no change of University is allowed once the choice is made.

Enquiries should be directed to the Italian Consulates in the State Capitals or to the Italian Embassy in Canberra for residents of the A.C.T.; formal applications and supporting documents must be personally presented not later than 1st April, 1970.

Further information may be obtained from the Italian Cultural Institute, 947 Punt Road, South Yarra, Victoria, 3141.

JACOBS PRIZE IN CLINICAL GYNAECOLOGY
In her will, the late Mrs. A. S. Falk has provided for a prize of $100 to be awarded to the candidate who, at the final Medical examination (Div. IV, M.B., B.S.), obtains the highest marks in the clinical examination in Gynaecology.

The donation was made by the late Mrs. A. S. Falk in memory of her son, Dr. Hubert Sydney Jacobs, V.D., M.D., B.S. (Melbourne), D.G.O. (Dublin), F.R.C.S. (Edinburgh), F.R.A.C.S., F.R.C.O.G., who served with distinction in the wars of 1914-18 and 1939-45. Dr. Jacobs was for many years associated with the University both as Superintendent of the Royal Women's Hospital and as a member of the Department of Obstetrics and Gynaecology.
UNIVERSITY CALENDAR

LAW SOMNER PRIZES

The firm of Law Somner Pty. Ltd. has offered two annual prizes of $30 each to be known as the Law Somner Prizes. They are to be awarded on the recommendation of the Dean of the Faculty of Agriculture for the best student in—

(i) the subject now known as Agricultural Botany part III, covering in particular plant pathology and the diseases of plants;

(ii) the subject known as Agriculture part II, covering in particular study of the growth and physiology of plants important in agriculture.

It is provided, however, that no one person should secure both the Exhibition in Agriculture part II and the Law Somner Prize in that subject.

The award of the prizes will be determined by the results of the annual examinations.

LEWIS TRUST

Under the terms of The Dafydd Lewis Trust, scholarships for full-time degree courses, other than in Theology, Music, Arts and Education, at any Victorian University or at any tertiary teaching institution affiliated with the Victoria Institute of Colleges, are available for boys who have been educated in Victoria at State Elementary, State Secondary or Technical Schools for at least five years before the award of the scholarship. The age limit is reckoned at 1st January, for Technical School candidates is 20 years, and for others 18 years. The parents of the applicant must not be in receipt of a joint weekly income of more than an amount equivalent to the purchasing power of £6 at the time of the benefactor's death (17/8/41). For the purpose of the 1970 awards the figure was $44.13 per week. No holder of one of these scholarships shall be entitled to hold also a Commonwealth University Scholarship, Government Senior Scholarship, Education Department Scholarship or to reside at any residential college. Renewal of the award annually depends upon satisfactory progress in work. The scholarships provide for payment of University fees and for maintenance of students during the tenure of the scholarships. There is also provision for post-graduate work and study abroad for any student who shows exceptional talent and fitness for the career he proposes to follow.

Applications must be lodged by 1st December each year with the Secretary, The Dafydd Lewis Trust, C/o The Trustees, Executors & Agency Co. Ltd., 401 Collins Street, Melbourne, 3000, from whom further details may be obtained.

MASSON MEMORIAL SCHOLARSHIP

THE ROYAL AUSTRALIAN CHEMICAL INSTITUTE

The Masson Memorial Scholarship which has been established as a memorial to the late David Orme Masson, founder of the Royal Australian Chemical Institute (R.A.C.I.) is open to any member of the R.A.C.I. or to any registered student of the R.A.C.I. who has obtained the academic qualifications necessary for admission as a Graduate (non-corporate member under By-law 5) B.Sc., B.App.Sc., B.E.(Chem. Eng.) etc. and who is eligible to proceed towards a higher qualification in chemistry in Australia.

The scholarship carries a living allowance of $400 for the year of the Award.

The selection of the successful applicant, which will be made by the Council of the R.A.C.I., will be final and conclusive. Under the Trust Deed, the Scholarship can be awarded to one person only in each year. Payments will be made in advance at three-monthly intervals, subject to satisfactory progress.

In addition, a Memorial Medal will be presented at the satisfactory completion of the term of the Scholarship.

The Scholarship will not be awarded if, in the opinion of the Council of the R.A.C.I., no applicant is worthy of it.

MEAD JOHNSON PRIZE IN PAEDIATRICS

A prize of $52.50 is donated annually by Mead Johnson Pty. Ltd. to the candidate who obtains at the final M.B., B.S. examination (Division IV), the highest total marks in all paediatric questions and oral examinations. This will include the paediatric questions in the medical and surgical papers, the question in neo-natal paediatrics in the obstetrics and gynaecology papers, and the oral examination in paediatric medicine and surgery.
ANNOUNCEMENTS

MEDICO-LEGAL SOCIETY: STEWART McARTHUR PRIZE

The Medico-Legal Society of Victoria has offered a prize of the value of $100, on the following conditions:

1. The prize shall be open for competition in the year 1940 and thereafter in each alternate year.
2. The prize shall be open to undergraduates taking courses in law or medicine at any Australian University and to articled clerks resident in Australia and to legally qualified medical or legal practitioners resident in Australia.
3. Each essay submitted shall be upon a subject of medico-legal interest which shall be selected by the candidate.
4. An essay in collaboration between a medical and a legal candidate may be submitted and in the event of such an essay being awarded the prize, the prize shall be divided between the authors.
5. All essays submitted shall become the property of the Medico-Legal Society of Victoria, which may, at the discretion of the Committee, publish any of them in the Proceedings of the Society or otherwise deal with them as the Committee may think fit.
6. Entries for the prize must be submitted to the secretaries of the Society on or before the 31st day of December. The Committee of the Society may extend the time for entry in particular cases if it sees fit.
7. Examiners will be appointed by the Committee of the Society.
8. The prize shall not be awarded if either the Examiners or the Committee of the Society think that the standard of the essay or essays submitted is not sufficiently high to justify the award of the prize.

MELBOURNE THEATRE COMPANY (FORMERLY U.T.R.C.) PRIZE FOR STUDENT DRAMA

The Melbourne Theatre Company has offered an annual prize of $20 for the best performance, not necessarily by an undergraduate, in any student play in English which does not come under the terms of the Murray Sutherland Prizes. (The Murray Sutherland Prizes are awarded for outstanding performances in productions of the Tin Alley Players, the Melbourne University Dramatic Club, and the Queen's College Dramatic Club.) All productions must take place in a suitable theatre negotiated for student drama; lunchtime productions are excluded from consideration. The award of this prize is to be decided by the members of the Murray Sutherland Prizes Selection Committee.

The prize was first awarded in October 1957.

MERCK SHARP AND DOHME (AUSTRALIA) PTY. LTD. PRIZE IN PHARMACOLOGY

A prize of $200 is to be awarded to the best Student in Science Pharmacology in any year provided that he or she obtains at least a second class honour.

Enquiries should be directed to the Professor of Pharmacology.

MINING AND METALLURGICAL BURSARIES AND SCHOLARSHIPS

The principal Australian Base Metal Mining Companies have established a trust for the award of Bursaries on the following terms:

Students who are British subjects and have completed or received credit for the first year of the Mining or Metallurgy course for the degree of B.E. may apply before 15th March for a Bursary, submitting evidence as to personality and scholarship. Students taking Geology or Metallurgy as a major subject in the courses for degrees of B.Sc. or B.App.Sc. may apply.

Each Bursary will be worth $100 per annum for the remaining years of the course, the payment for any later year of the course being contingent on the bursar having sufficiently distinguished himself in his previous year.

In each instance when renewal is desired for a following year, bursars should make application to the Registrar of the University by 15th March.

No award will be made if no candidate is sufficiently qualified.
UNIVERSITY CALENDAR

MOBIL OIL AUSTRALIA RESEARCH SCHOLARSHIP
(First awarded 1951)

Conditions

1. The scholarship shall be known as the Mobil Oil Australia Research Scholarship and shall have a value of $1,800 for the first year, $1,900 for the second year, and $2,000 for the third year.

2. The scholarship shall be held in the Departments of Chemistry or Chemical, Mechanical or Mining Engineering. The intention is that the Scholarship shall be held more frequently in the Department of Engineering.

3. The scholarship shall be awarded for research which, if possible, shall be in a subject of interest to the Mobil Oil Australia Pty. Ltd. The subject of the research shall be decided by discussion between the head of the appropriate department and the Mobil Oil Australia Pty. Ltd., giving also some regard to the research scholar’s natural interests.

4. The scholarship shall be tenable at the University of Melbourne for one year from 1st March in the first instance and may be renewed for a second year. In special circumstances the scholarship may be extended for a third year. The scholar’s tenure shall, at all times, be subject to his work being satisfactory to the appropriate Professor.

5. In those years when the scholarship becomes vacant applications should be made to the Dean of Graduate Studies of the University by the 30th November of the previous year. Selection of the research scholar will be made by the Professorial Board on the recommendation of a Committee consisting of the Professors of Chemistry, the Professor of Chemical Engineering, the Professor of Mechanical Engineering, the Associate Professor of Mining, the Dean of Graduate Studies and a representative of the Mobil Oil Australia Pty. Ltd.

6. The scholar shall be required, during the tenure of his scholarship, to carry out research under the direction of the appropriate Professor.

7. The scholar shall have the right to publish the results of his research.

8. Candidates for the scholarship shall be graduates in Engineering or Science of an Australian university. They hold a good scholastic record and show some aptitude for research. Personality and leadership qualities shall also be taken into consideration. Other things being equal, the scholarship shall be awarded to candidates who wish subsequently to work in industry.

9. Scholars shall be required to devote their whole time to research, save that they will be permitted to undertake demonstrating work at the University not exceeding an average of four hours per week during the year.

Method of Application

Applications should contain the following information:

(a) Date of birth.

(b) Marital status.

(c) Full statement of academic record (including exhibitions, scholarships, prizes, etc.).

(d) Details of previous research experience, including list of published papers (if any).

(e) Suggested project for research.

(f) References from two University Professors or Lecturers, especially with regard to aptitude for research.

(g) Reference to character.

Applications should be forwarded to reach the office of the Dean of Graduate Studies, University of Melbourne, by 30th November.

NORMAN WESTMORE MEMORIAL PRIZE IN MINING ENGINEERING

A group of engineers and businessmen associated with the Victorian brown coal industry has decided to provide funds for a prize in memory of Norman Ernest Westmore who contributed more than 40 years valuable and distinguished service to the brown coal industry of Victoria.

The prize will consist of $60 to be awarded each year to the student enrolled in the second year of the Mining Engineering degree course who achieves the best overall performance at the Annual Examinations for that year of the course. The
ANNOUNCEMENTS

prize will be awarded by the University Council on the recommendation of the Head of the Mining Department.

THE NUFFIELD FOUNDATION
COMMONWEALTH TRAVELLING FELLOWSHIP IN MEDICAL SCIENCES

The Nuffield Foundation will continue in 1971 its scheme of offering a Travelling Fellowship in Medical Science to an Australian graduate.

The purpose of the Fellowship is to enable university graduates, who are Australian citizens and who have outstanding ability, to gain experience and training in the United Kingdom in their chosen fields, and to make contact there with scholars working in those fields, with a view to the Fellows equipping themselves to take up senior positions of responsibility in teaching and/or research and/or the practice of their profession in Australia.

Eligibility

Candidates must be Australian citizens (persons either born in Australia or who have become Australian citizens), preferably between the ages of 25 and 35 years, and exceptionally up to the age of 40. They must be graduates in medicine, veterinary science, or dentistry, and should hold a higher degree or an equivalent professional diploma such as the M.R.A.C.P. or F.R.A.C.S., and have spent a year or more gaining teaching or research experience in a university, research institute or teaching hospital. Preference will be given to candidates who have as yet little or no experience of the U.K. educational scene.

The Foundation reserves the right not to make an award in any given year.

Tenure

The period of the Fellowship will be 12 months, of which a minimum of at least 10 months must be spent in the United Kingdom. In special circumstances the period may be extended for a few months.

Value of Award

The value of the award will be at the rate of approximately £2,240 sterling per annum for a married Fellow who is accompanied by his wife and at the rate of approximately £1,760 sterling per annum in other cases. In addition the Foundation will pay the return travelling expenses of a Fellow and, in the case of a married Fellow who is accompanied by his wife, will also pay her return travelling expenses provided she spends a minimum of six months with him in the United Kingdom.

Travelling allowances will be calculated on the basis of two tourist class return passages by air for a married man (one for a single man), and if a Fellow is able to travel by ship at a cheaper rate he may use the savings towards the cost of his children’s fares.*

Conditions of Award

Except with the express permission of the Trustees of the Foundation, a Fellow may not hold any other award concurrently with the Fellowship.

A study leave candidate will not be excluded from consideration for a Fellowship, but in his application he will need to make full disclosure of the allowances to which he will be entitled in respect of his study leave if he received no award and of the extent (if any) to which these allowances will be affected by the grant of an award. If the grant of an award will affect his allowances the value of the award may be reduced.

A Fellow will be required to carry out, at centres approved by the Trustees of the Foundation, a programme of research work and training similarly approved. Other work, paid or unpaid, may not be undertaken without the permission of the Trustees. During the tenure of the Fellowship a Fellow will not normally be permitted to prepare specifically for, or to take, examinations for higher degrees or diplomas awarded by bodies in the United Kingdom.

A Fellow will be expected to resume residence in Australia on the completion of the Fellowship.

A Fellow will be required to submit to the Trustees, at the end of the Fellowship, a report on his work during the period of Fellowship.

* The Foundation can only reimburse the travel agency concerned by payment in sterling direct to the London agents, and cannot reimburse the Fellow direct.)

751
UNIVERSITY CALENDAR

Should the Trustees at any time find that a Fellow neglects or has neglected the obligations of the appointment, they shall have power immediately to terminate the Fellowship.

The Fellowships will be awarded by the Trustees of the Foundation on the recommendation of its Advisory Committee in Australia.

Closing Date

Applications for the Fellowships to begin in 1971 should be submitted not later than Monday, 15th February, 1971, to Mr. N. H. Olver, Secretary, The Nuffield Foundation Australian Advisory Committee, Chemistry Laboratory, Barry Building, University of Melbourne, Parkville, Vic. 3052, from whom copies of the application form may be obtained. Applications must be accompanied by a programme of intended work in the United Kingdom in as specific terms as possible.

AUSTRALIAN COLLEGE OF OPHTHALMOLOGISTS

A prize of $50 is donated annually by the Australian College of Ophthalmologists to the candidate who obtains the highest marks in a clinical examination in Ophthalmology to be conducted in June of each year. The examination will deal mainly with the medical aspects of Ophthalmology. An additional oral examination may be conducted at the discretion of the examiners.

OVERSEAS STUDENTS

Overseas students should make enquiries about admission and enrolment from the Registrar.

Any student who, after being notified of admission, may require advice or assistance about housing or living costs should get in touch with the Housing Officer; students who after admission may require any help in adjusting to life in the University, should get in touch with the Student Counselling Office. The Housing Officer is at 255 Elgin Street, the Student Counselling Officers at 268 Elgin Street, Carlton.

THE QUAKER PRODUCTS PRIZES IN PET NUTRITION

Creamoata Limited, wishing to promote interest in and to further the study of small animal nutrition, offers to the University of Melbourne the sum of $500 each year for a period of three years commencing from 1967.

It is the wish of Creamoata that, subject to the Regulations and General Provisions of the University, the monies shall be applied in the following manner:

1. They shall be used to provide annual prizes in the subject of the nutrition of pets, which prizes shall be restricted to persons taking a course of study for the degree of Bachelor of Veterinary Science in the University of Melbourne.
2. The prizes shall be known as the Quaker Products Prizes in Pet Nutrition.
3. There shall be two prizes offered each year; one prize of $150 applicable to the third year of the course, and the other prize of $350 applicable to the final year of the B.V.Sc. course.
4. Candidates for the prize shall submit an essay or an account of a study of any aspect of the nutrition of pet animals.
5. In each prize the examiners, who shall be one of the professors in the Faculty of Veterinary Science together with one or more co-examiners appointed by him, shall be guided by considerations of the ability, knowledge and originality displayed by the candidates, as appropriate to their stage in the B.V.Sc. course.
6. Should, in the opinion of the examiners, no candidate be worthy of a prize, then the amount of that prize shall be used to purchase books for the Faculty of Veterinary Science Branch Library. Books so purchased shall have reference to small animal nutrition and shall be identified as having been purchased with money from the prize.

RHODES SCHOLARSHIP

REGULATION FOR THE ELECTION OF THE SCHOLAR

1. General Regulations

A Rhodes Scholarship is tenable at the University of Oxford and may be held for three years. Since, however, the majority of Rhodes Scholars obtain standing which makes it possible for them to take a degree in two years, appointments are

752
ANNOUNCEMENTS

made for two years in the first instance. During the course of his second year every Rhodes Scholar will be invited to state whether he wishes to apply for a third year at Oxford, and, if so, what work he proposes to undertake. The Rhodes Trustees will not consider granting a third year unless (1) it can be shown that a third year is eminently in the interests of (a) the scholar's immediate studies and (b) his future career, or unless (2) his work, conduct and general record have been satisfactory.

The value of a Rhodes Scholarship is £1,150 (sterling) a year.

One scholarship is allocated to each State in the Commonwealth. The cost of travel to and from Oxford must be borne by the Scholar.

2. Conditions of Eligibility

(1) Candidates must be of such an age that they will have passed their nineteenth, and not have passed their twenty-fifth birthday, by 1st October of the year for which they seek election.

(2) Candidates must be male British subjects and unmarried. A Rhodes Scholarship is forfeited by marriage after election, or during a scholar's first year of residence. Permission to marry without deprivation of his Scholarship may be given by the Rhodes Trustees for a Scholar's second and third years.

(3) Candidates must have at least five years' domicile in Australia and, by 31st October of the year for which they seek election, must have completed at least two years' study at a University in Australia recognized by the University of Oxford.

(4) Candidates may compete either in the State in which they have their ordinary residence, or in that in which they have received any considerable part of their education.

For each State there is a Committee of Selection, responsible, subject to ratification by the Rhodes Trustees, for deciding whether candidates comply with the foregoing conditions and for making the selection. In any case of doubt the Trustees reserve complete discretion to determine the eligibility or otherwise of the candidate.

3. Basis of Selection

In making nominations, Committees will have regard to the qualities specified by Mr. Rhodes in that section of the Will in which he defined the general type of scholar he desired:

- Literary and scholastic attainments; qualities of manhood, truthfulness, courage, devotion to duty, sympathy for and protection of the weak, kindliness, unselfishness and fellowship; exhibition of moral force of character and of instincts to lead and to take an interest in his fellows; physical vigour, as shown by fondness for or success in manly outdoor activities.

Quality of both character and intellect is the most important requirement for a Rhodes Scholarship and this is what the Selection Committee will seek. The Rhodes Scholar should not be a one-sided man; or a selfish man. Intellectual ability should be founded upon sound character and integrity of character upon sound intellect. Success in being elected to office in student organizations may or may not be evidence of leadership in the true sense of the word. Cecil Rhodes evidently regarded leadership as consisting of moral courage and interest in one's fellow men quite as much as in the more aggressive qualities. His hope was that a Rhodes Scholar would come 'to esteem the performance of public duties as his highest aim'. Physical vigour is an essential qualification for a Rhodes Scholar but athletic prowess is less important than the moral qualities which can be developed in sports. Financial need does not give a special claim to a Rhodes Scholarship. Further, the will lays down that 'no student shall be qualified or disqualified for election to a Scholarship on account of his race or religious opinions'.

In the absence of a sufficiently qualified candidate Selection Committees will make no nomination.

4. Method of Application

Each candidate for a Scholarship is required to make application to the Secretary of the Committee of Selection of the State in which he wishes to compete not later than 1st September, or such other date as may be fixed, using the application form provided. Candidates must comply strictly with the requirements presented by the application form, which is available at the Registrar's Office.

753
5. Standing at Oxford

All Final Honour Schools at Oxford lead to the B.A. degree.

A degree of an Australian University recognized by the University of Oxford following a course of at least three years qualifies its holder for Senior Status at Oxford and enables him to take a Final Honour School in two years (six terms).

A candidate who does not possess this qualification will satisfy the admission requirements of the University of Oxford by his two years at an Australian University recognized by the University of Oxford, provided that he has passed all examinations incidental to his course. On going up to Oxford he would then have to pass two examinations to obtain a degree, the First Public Examination during his first year, and at the end of nine terms (i.e. three years) the Second Public Examination (the Final Honour School).

A medical student of any University in Australia may be admitted to Senior Status before he has taken a degree, provided that his University is 'approved' by the University of Oxford, that his course has extended over at least three years, and that he has passed all examinations incidental thereto.

6. Courses open to Rhodes Scholars

No restriction is placed upon a Rhodes Scholar's choice of studies. Subject to the approval of his College and of the Rhodes Trustees, he may read for Oxford B.A. in any of the Final Honour Schools, or, if qualified by previous training, may be admitted to read for higher degrees such as the B.C.L., B.Sc., B.Litt., B.Phil., or D.Phil.

ROWDEN WHITE PRIZE IN CLINICAL OBSTETRICS

The Estate of the late Sir Alfred Edward Rowden White has provided for a prize of approximately $200 to be awarded to the candidate who, at the final Medical examination (Division IV, MB, BS), obtains the highest aggregate marks in the clinical examination in Obstetrics.

ROYAL AUSTRALIAN CHEMICAL INSTITUTE

The Royal Australian Chemical Institute has advised the University that the following qualifications fulfil the academic requirements for admission to Junior or Associate membership:

- The Degree of Bachelor of Science, provided the course taken includes Chemistry Part IIIA or IIIB or IIIC or Biochemistry Part II.
- The Degree of Bachelor of Agricultural Science, together with Chemistry Part IIIA or Chemistry Part IIIB or Chemistry Part IIIC or Biochemistry Part II.
- The Degree of Bachelor of Engineering (Chemical Engineering).
- The Degree of Bachelor of Applied Science in Applied Chemistry.

ROYAL SOCIETY RUTHERFORD SCHOLARSHIP

Applications are invited from graduates of a university within the British Commonwealth or Eire who are under twenty-six years of age on 1st May, 1971, for the Rutherford Scholarship. This will be awarded for experimental research in any branch of the natural sciences, but if there are candidates of similar merit preference will be given to experimental physics. It will be tenable for three years in some part of the British Commonwealth other than that in which the applicant graduated. It will not normally be awarded to a graduate who has already held a senior research award.

The value of the scholarship will be adjusted to meet the circumstances of the appointment but if held in the United Kingdom it will be between £800 (Sterling) and £1,050 per annum. Additional allowances will be granted for travel, university fees, etc. The appointment will date from 1st October, 1971, or other such date as may be arranged.

The appointment will be made by the President and Councill of the Royal Society. Application from university graduates outside the United Kingdom should be made through their universities to the Royal Commission for the Exhibition of 1851 on forms of application for the 1851 Exhibition Science Research Scholarship. Candidates desiring to be nominated by the University should lodge applications at the office of the Dean of Graduate Studies not later than 15th January, 1971.
ANNOUNCEMENTS

R.V.I.A. WAR MEMORIAL SCHOLARSHIP

Value $100 per annum. Open in the first instance to students who can show that their architectural education has suffered through the loss of a relative at the first or second World War; or, secondly, to those who are returned soldiers or sons of returned soldiers; or, thirdly, to students studying architecture at the University of Melbourne.

The scholarship money may be utilized, first, for the payments of fees; second, for expenses of travelling to other States for extending knowledge of architecture or attending courses of instruction; third, for travelling abroad for extending knowledge.

Applications must be lodged with the Registrar not later than 31st December. For further information candidates are referred to Mr. T. H. Cranston, Secretary, R.V.I.A.

SALTAU-PRICE MEMORIAL SCHOLARSHIP

The Scholarship is awarded by the Union-Fidelity Trustee Company of Australia Limited as Trustee of the Estate of the late Mrs. S. A. Rolfe, but applications should be made through the Accounts Branch of the University of Melbourne, Parkville, 3052.

Applications close on February 15th.

Scholarships are available for students doing any year of a University course and, in making the award, both academic merit and financial means will be considered. One scholarship will be awarded each year, the value of which will be approximately $175.00.

SCHUTT SCHOLARSHIP

The trustees of the late Helen MacPherson Schutt have established scholarships providing fees and a living allowance for students who served in the British Forces overseas or in a defined operational area in the War of 1939-45 or any later conflict. Alternatively the scholarship is available to students one of whose parents may have served in the British Forces and is now deceased or incapacitated (whether or not due to such service) or is entitled to any British War Medals 1914-18. Applications close 15th March.

Further information: Accounts Branch.

SHELL POSTGRADUATE ARTS SCHOLARSHIP, 1971

PROSPECTUS

Terms

The Shell Company of Australia Limited on behalf of the Shell Group of Companies in Australia offers one scholarship, tenable at Oxford or Cambridge Universities, United Kingdom, for two years from the commencement of the Michaelmas term, October, 1971. The scholarship is valued at £1,450 (stirling) per annum. The cost of the passage to the U.K. and the return passage to Australia, if effected within 12 months of the completion of the scholarship period, will be paid by the Shell Company of Australia Limited.

The successful candidate will select a course of reading, in consultation with Oxford or Cambridge authorities, leading either to a Bachelor degree with honours or to an appropriate further degree or advanced diploma.

A second scholarship, similar in all respects to the above, may be awarded to a candidate who, when applying, specifically expresses the wish to make a career with Shell in Australia at the completion of the scholarship period.

Should successful candidates in either category so desire, arrangements will be made for temporary employment by the Company from early 1971 until their departure for overseas.

Eligibility

This scholarship is open to male British subjects who have been domiciled in Australia for the last five years and who will have successfully completed a full-time Honours course for the degree of Bachelor of Arts, Commerce, Economics or Law at an Australian University at the annual examinations which commence at the end of 1970.

Candidates must be under 25 years of age at the date of the closing of applications. They must not currently hold another scholarship for overseas study or be under bond or committed in any way to an employer.
UNIVERSITY CALENDAR

Selection

The selection will be made by a committee comprised of senior members of University staff and representatives of the Management of the Shell Company of Australia Limited.

Academic achievements will not be the only qualification taken into account by the selectors. Shell in Australia, being part of an international Group operating throughout the world, believes that industry has a part to play in bringing into contact with one another men of exceptional ability and character and assisting them to make their fullest contribution to the problems of the day. In such men intellectual ability must be allied to breadth of vision, the qualities of leadership and an interest in other people and their problems. The selectors, while giving first consideration to intellectual attainments, will therefore take account of achievement or distinction in other spheres as evidence that a candidate may ultimately have an important contribution to make outside the purely academic field.

With this in mind an appropriate course of study at Oxford or Cambridge will be considered as one which will give the scholar an opportunity of taking a full part in College and University life.

State candidates will be required to present themselves for medical examination at the Company's expense prior to visiting Melbourne for final selection in December, 1970. Two photographs of each finalist are also required by the Selection Committee.

Application

Applications are invited from Arts, Commerce, Economics or Law students who expect to complete their courses at the annual examinations commencing at the end of 1970, and should be made, on the prescribed form, to the Staff Co-ordinator, The Shell Company of Australia Limited, in the capital city of the State in which the applicant resides. Application forms may be obtained from the Registrars of Universities or from the Staff Manager of the Shell Company in each capital city.

Applications close on 16th October, 1970.

SHELL POSTGRADUATE SCHOLARSHIP IN SCIENCE OR ENGINEERING, 1971

PROSPECTUS

Terms

The Shell Company of Australia Ltd., on behalf of The Shell Group of Companies in Australia offers one scholarship tenable in the United Kingdom from the commencement of the Michaelmas term, October, 1970, for postgraduate work in Science or Engineering. The scholarship is designed to enable the holder, being a graduate, to undertake two years' postgraduate work at the Universities of Cambridge, London or Oxford, or at such other University in the United Kingdom as may be indicated by the specialized nature of the studies which the scholar intends to follow, and which would be expected to lead to the degree of M.Sc. or Ph.D.

Whilst this award is normally granted for a period of two years, an extension into a third year will be considered provided that it is warranted by the scholar's satisfactory progress and recommended by his University supervisor as necessary to enable him to complete his particular study and/or to attain the standard required for a doctorate.

The scholarship is valued at £1,450 sterling per annum. The cost of the passage to the United Kingdom and the return passage to Australia, if effected within 12 months of completion of the scholarship period, will be paid by the Shell Company of Australia Ltd.

At the end of the scholarship period, the holder may be offered a position with the Shell Group which, however, he is under no obligation to accept.

Eligibility

This scholarship is open to male British subjects, who have been domiciled in Australia for the last five years and have taken with honours a first degree in Science or Engineering at an Australian University, and preferably have had at least one year's experience in research. Candidates must be under 25 years of age at the date of the closing of applications. They must not currently hold another scholarship for overseas study, or be under bond or committed in any way to an employer.

756
ANNOUNCEMENTS

Selection

The scholarship will be awarded during December, 1970, and final selection will be made by a Committee comprised of senior members of University staff and the Management of the Shell Company of Australia Ltd.

Academic achievements will not be the only qualification taken into account by the selectors. Shell in Australia, being part of an international Group operating throughout the world, believes that industry has a part to play in bringing into contact with one another men of exceptional ability and character and assisting them to make their fullest contribution to the problems of the day. In such men intellectual ability must be allied to breadth of vision, the qualities of leadership and an interest in other people and their problems. The selectors, while giving first consideration to intellectual attainments, will therefore take account of achievement or distinction in other spheres as evidence that a candidate may ultimately have an important contribution to make outside the field of academic or applied research.

State candidates will be required to present themselves for medical examination at the Company's expense prior to visiting Melbourne for final selection in December, 1970. Two photographs of each finalist are also required by the Selection Committee.

Application

Application for this scholarship should be made to the Staff Co-ordinator, The Shell Company of Australia Limited, in the capital city of the State in which the applicant resides. Application forms are obtainable from the Registrars of Universities, or from the Staff Manager of The Shell Company in each capital city.

Applications close on 16th October, 1970.

SLOANE TRAVELLING SCHOLARSHIP

The Union Trustee Company has informed the University that the income from the estate of the late Mary Sloane shall be applied to a scholarship for students of Agriculture. The Faculty of Agriculture has agreed that the scholarship should be awarded to students who complete the course for the degree of Bachelor of Agricultural Science in the year in which the award is to be made and who intend to pursue research studies in Agricultural Science at this University. Entries for the scholarship will close on the first day of December and the applicant is required to submit details of his proposed itinerary or programme of studies to the Secretary of the Faculty of Agriculture.

The value of the scholarship is the net annual income of the endowment, approximately $500. The award of the scholarship will enable the scholar to visit agricultural research institutes in Australia, New Zealand and other countries or any of them according to an itinerary approved by the Faculty of Agriculture. At the conclusion of his travel, the scholar is required to submit a report to the Faculty of Agriculture.

STANBROKE PASTORAL COMPANY PRIZE IN PREVENTIVE VETERINARY MEDICINE

A prize of $50.00 is to be awarded to the best student in Preventive Veterinary Medicine provided that he or she obtains at least second class honours in this subject.

SUPREME COURT PRIZE AND EXHIBITIONS

1. The following annual prize to be known as the Supreme Court Prize:
   To the candidate selected by the Faculty of Law as being the best student completing the final year of the course for the degree of bachelor of Laws with honours—$350.

2. The following exhibitions to be known as Supreme Court Exhibitions to be awarded annually provided that there be candidates worthy of the awards:
   Exhibitions to the total amount of $100, in such subjects in the Law course conducted at the University of Melbourne as may be considered appropriate by the Faculty of Law, to the candidates selected by the Faculty as the best students in such subjects—the amount of any such exhibition to be determined by the Faculty.
UNIVERSITY CALENDAR

TIMKEN INTERNATIONAL FUND SCHOLARSHIP IN MECHANICAL ENGINEERING

The Timken International Fund, through its associated Australian Company, Australian Timken Pty. Ltd. of Ballarat, is offering a Scholarship in Mechanical Engineering in 1970, and subsequent years, for a student who has completed the first year of the Engineering degree course.

The value of the Scholarship will be $500 p.a., consisting of $400 living allowance and $100 book allowance. This Scholarship may be held in conjunction with a Commonwealth Scholarship.

There will be no bond attached to this Scholarship. However, the Company hopes that the Scholarship holder will be able to spend at least one long vacation gaining engineering experience at its Ballarat works during the tenure of the Scholarship. Normal rates of pay will be paid for this vacation work.

Selection for the Scholarship will be based primarily on academic merit, but other factors such as character and aptitude may be considered. Economic need may also be taken into account. Selection will be made by a Committee of Company and University representatives and applicants may be called for interview by the Committee.

Applications for the Scholarship should be forwarded to the Secretary, Faculty of Engineering before February 28, 1970. Any applicants required for interview by the Selection Committee will be notified as soon as possible after that date, of arrangements made for the interview.

The Scholarship may be renewed annually until the B.E.(Mech) course is completed, provided that the holder makes progress in his course satisfactory to the Selection Committee.

It is the intention of the Timken International Fund to offer additional Scholarships on the same terms in years subsequent to 1966.

TRAVELLING SCHOLARSHIPS

The Aitchison Travelling Scholarship and the Myer Scholarship which are together worth $2,500 p.a. are also available for research abroad. Together they form a three-year scholarship available in two out of every three years.

1. The University offers two out of every three years to its graduates two travelling scholarships, valued at $2,500 per year and tenable for three years. Preference will normally be given to applicants whose permanent home is in Australia.

2. The scholarships are primarily for research abroad.

3. In the first instance one scholarship shall be available to graduates in the faculties of Arts, Economics and Commerce, Education, Music and Law (hereinafter referred to as non-technical faculties) and the other to graduates in the faculties of Agriculture, Applied Science, Architecture, Dental Science, Engineering, Medicine, Science and Veterinary Science (hereinafter referred to as technical faculties). Should the holder of either of these scholarships surrender it, such scholarship may be awarded to a graduate in any faculty on the recommendation of the Standing Research Committee.

4. (a) Normally an applicant in the non-technical faculties should have submitted or be about to submit a thesis for a master's degree. Where a candidate as part of his final Honours examination has submitted a substantial research essay, this essay together with any work done in a subsequent full-time year at the University, may be taken into consideration as evidence of his research ability.

(b) An applicant in the technical faculties should have submitted or be about to submit a thesis for a Master's degree or for the degree of doctor of Philosophy. The scholarship for a successful applicant who holds the degree of doctor of philosophy will be awarded initially for one year but it may be renewed for a second year.

5. The scholarships are normally intended for applicants in the age range 21 to 28 years on 1st March of the year of application.

6. No other scholarship may be held conjointly with a University travelling scholarship unless permission has been granted by the Standing Research Committee.

7. Scholarships will be paid quarterly in advance with the proviso that any payment after the first is made only after the overseas supervisor of the holder has certified that his work is proceeding satisfactorily.

8. The selection committee shall be the Standing Research Committee of the Professorial Board.
9. Applications on the form “Application for Travelling Scholarship” should be lodged at the office of the Dean of Graduate Studies by 31st January in the year of the award.

UNION CARBIDE AUSTRALIA LTD. SCHOLARSHIPS AND PRIZES IN CHEMISTRY AND CHEMICAL ENGINEERING

Union Carbide Australia Ltd. has agreed to provide $1,700 per year for a scholarship and three prizes to be awarded under the following conditions:

Scholarship

This is offered to students in Chemistry at the University of Melbourne who have completed three years of the B.Sc. (Pass) course and are proceeding to the degree of B.Sc. (Hon.). The scholarship is tenable for one year and is valued at $1,400, of which the student receives $1,200 and $200 is paid to the University.

Prizes valued at $100

Two of these prizes are offered to students in Chemistry at the University of Melbourne who have completed three years of the B.Sc. (Pass) course and are proceeding to the degree of B.Sc. (Hon.). These prizes will be awarded to the two students in the third year with the best examination results in Chemistry.

One prize will be awarded to the student in Chemical Engineering at the University of Melbourne who has completed three years of his course and who has the best results in the subjects of the third year of that course.

Selection

The scholarship and prizes in Chemistry will, after consultation with the Company, be awarded by the Professor of Chemistry.

The prize in Chemical Engineering will, after consultation with the Company, be awarded by the Head of the Department of Chemical Engineering.

THE UPJOHN PRIZE IN CLINICAL PHARMACOLOGY AND THERAPEUTICS

A prize of $50 is donated annually by Upjohn Pty. Limited to the candidate who obtains the highest aggregate of marks in Therapeutics in the Final M.B., B.S., examination in the subject of Medicine.

WEIGEL TRUST

The Oscar Weigel Charitable Trust was founded by the appropriation by the late Johanna Wilhelmine Weigel in her Will of a sum of £20,000 ($40,000). The Will provides that the income of the Trust “shall be devoted to providing exhibitions to be called the ‘Oscar Weigel Exhibitions’ and awarded to young men desirous of being thoroughly instructed in any branch or branches of Engineering Science and the practice thereof”. The Exhibitions shall be open for award to male candidates who are qualified to enter the second or a later year of a Bachelors Degree course in Engineering, or to male applicants who have been accepted as candidates for a Masters Degree in Engineering or Engineering Science. No Exhibitions shall be awarded in the first instance to any person who is at the date of award under the age of seventeen years or over the age of twenty-five years or is not an Australian or a British subject ordinarily resident in Australia.

The value of each Exhibition shall be as determined by The Union-Fidelity Trustee Company of Australia Limited on the recommendation of the Selection Committee, and shall in no case exceed $400 per annum. An Exhibitioner may be allowed to hold the Exhibition in conjunction with other awards, but the Selection Committee may, if it thinks fit, take into account such other awards when recommending the Exhibition. No person shall receive any benefits under the Trust for a total period of more than five years. The conduct and progress of each Exhibitioner shall be reviewed annually by the Selection Committee. If any Exhibitioner’s conduct or progress shall at any time be, in the opinion of the Selection Committee, unsatisfactory, his Exhibition shall terminate forthwith.

Each Exhibitioner shall pursue an Engineering Degree Course and shall devote the proceeds of his Exhibition to the costs of his tuition and maintenance while taking the course. Notwithstanding the provisions of this Clause, but subject to the ap-
proval of The Union-Fidelity Trustee Company of Australia Limited, an Exhibitioner may be allowed to use his Exhibition to assist him in study in Engineering in any other institution, or in an approved programme of research, whether such study or research is undertaken within or beyond Australia.

WHITE SCHOLARSHIPS

The Union-Fidelity Trustee Company of Australia Ltd., acting for the trustees of the will of Mrs. A. M. White, offers annually scholarships of not more than $200 each to students of the University engaged in research into diseases in sheep or other veterinary or agricultural subjects.

Applications for the scholarships must be made not later than 20th January. They should be addressed to the General Manager of The Union-Fidelity Trustee Company, care of the Registrar of the University. As it is understood that the terms of the will require the trustees to make awards only to Protestant students, the applicant should state, in addition to his or her academic record and plan of research, his or her religious denomination.

WESTERN MINING CORPORATION UNDERGRADUATE SCHOLARSHIPS

Western Mining Corporation Ltd. offer three scholarships annually to undergraduates in mining, metallurgy or chemical engineering at any Australian University. The scholarships are available to students who have completed at least the first year of their University studies. The scholarships are valued at $1,000 per annum. (This amount includes book and living away from home allowances.)

Subject to satisfactory progress being made, the $1,000 will be paid to the successful applicants annually until they have completed their appropriate course. Students are expected to complete the course within the prescribed period. Should a student fail a subject twice the scholarship will automatically be terminated.

Scholarship holders are not entitled to financial assistance from, nor should they be under any obligation to any other Organization or Company, apart from a Commonwealth scholarship covering the cost of University fees.

The Company will offer each scholarship holder vocational employment at one of its Operations and will pay return fares to such locations. Scholarship holders desiring such vocational employment should make application to the General Manager, Western Mining Corporation Ltd., 360 Collins Street, Melbourne by the end of October each year.

Scholarship holders are expected to submit a written report to the Company on their vocational employment (whether with WMC or other employer). This report should be submitted through the University Department Head as early as possible after resumption of studies.

Students accepting a WMC scholarship will not be held under any bond to the Company. However the Company anticipates being able to offer a position to each scholarship holder on graduation.

Applications should be received by the Registrar not later than the 31st December, 1970.
